VOYAGEURS

If I were a school
I'd want people to see
A face that was fantastic
Fantastic as can be.

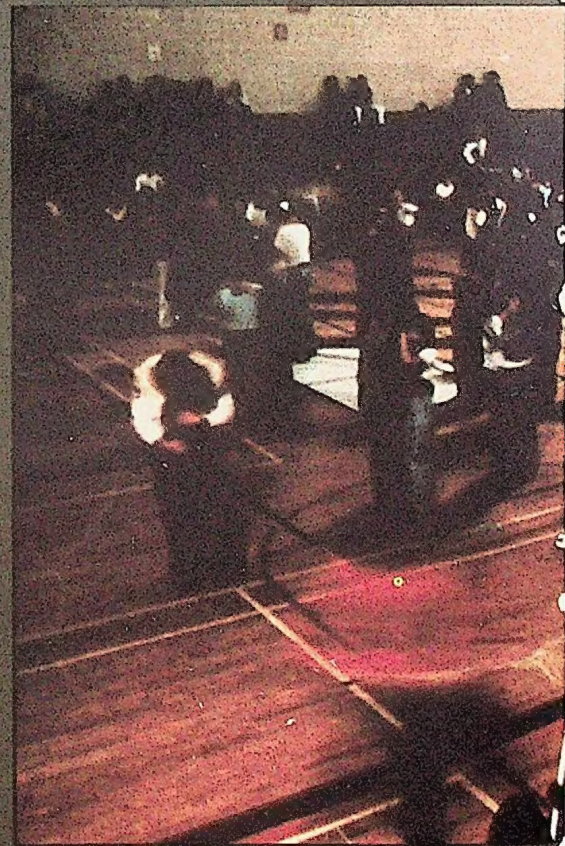

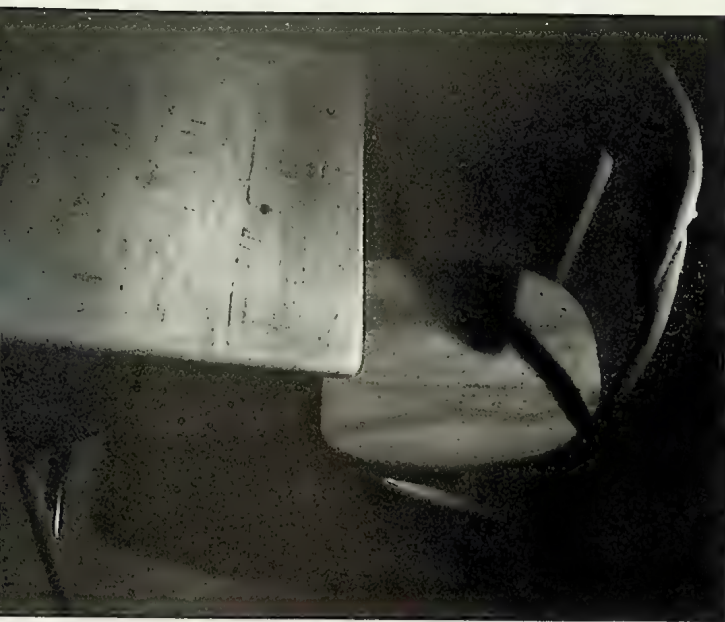

My face would have eyes
Hollows of the soul.

It would have a wink, a smile,
and a frown.

My face would have a complexion
With glowing hues, pimpled or clear,
red, beige or brown.
I'd have life!

If I were a face
I'd want people to see
A face that was fantastic
Fantastic as can be.

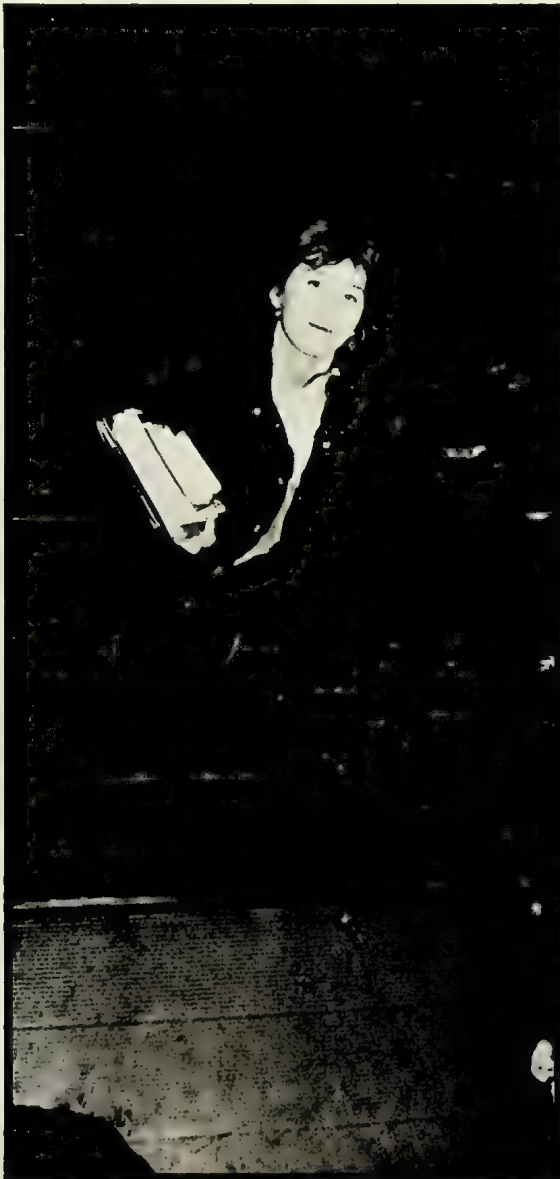

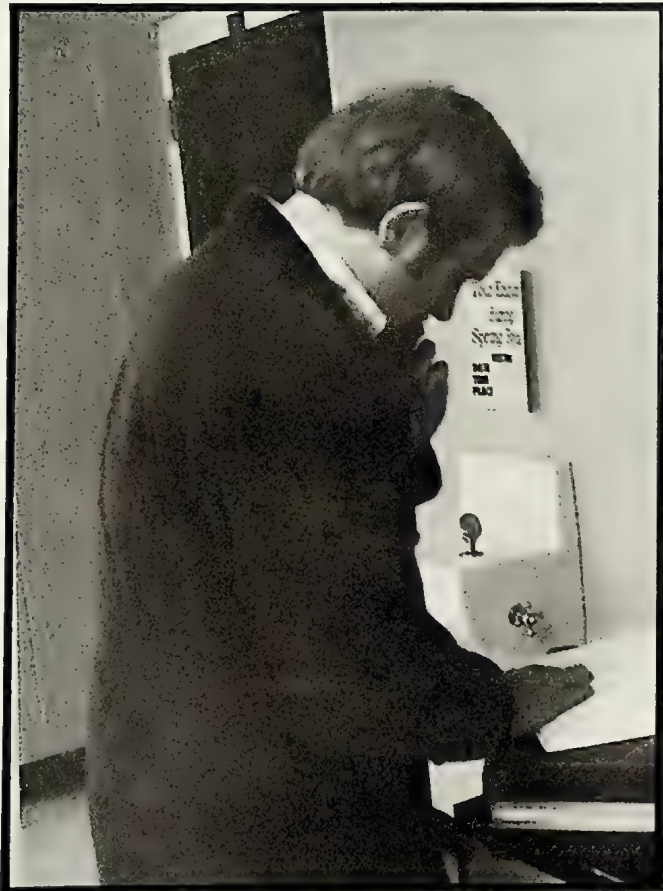

**My world would have nature
Master and soul of the earth.
It would have its mountains and trees.
My world would have the splash,
gush, roar and rush of its river,
streams, falls and seas.
It would have its spring, winter,
summer and fall.
It would have its sunsets and rainbows,
My world would have its birds flying
high in the sky . . .
I'd have life!**

My school would have teachers
Masters of the class.
It would have its blackboards, chairs and
desks.
It would have its hallways of lockers.
Stairways and doors.
It would have its walls and floors.

The M.E. LaZerte Ski Club has just finished its first successful year under its new format, with the assistance of Mr. Collingwood and Ms. Clark. This year the LaZerte Ski Club joined the Edmonton Hi-Star Ski League, a league consisting of LaZerte, Queen Elizabeth, Harry Ainlay, Salisbury, and Archbishop Jordan. These schools compete against each other in ski races at Rabbit Hill or Lake Eden. The arrangement is very simple. It's a dual slalom where two separate parallel courses are set up and the two racers compete for the winning time. It's often very close.

Races such as the CHED Cup, Lake Eden Cup, and Rabbit Hill Cup test only the top twelve skiers from each school, and these races are always exciting. Next year we will continue to race in the Hi-Star League. Also this year, the Ski Club had two successful ski trips. In January, we travelled to Silver Star (Vernon) for a week, and lodged at the beautiful Village Green Inn. In March, we headed south and had a beautiful weekend of skiing at Lake Louise. Next Year we hope to go even further south into the United States. We hope that 1979-80 will be an even better year than this, and we are looking forward to seeing new as well as old faces in the club.

A GIFT TO REMEMBER

Just people.
Different people.
People we never knew,
But were about to change our lives.

Then it was friends.
Close friends.
Foreverlasting friends.

The times we shared,
will never be forgotten.
Through good times and sad times,
We kept together.

We never knew,
how much these people meant to us;
And how their friendship,
was going to effect us for the rest of our lives.

And those special moments,
Captured only by the brightness of a flashcube,
or maybe just stored away somewhere,
for us to remember.

Recaptured by looking at some photograph,
or maybe just the glimpse of a foggy memory.

For us it is never good-bye,
but just "à bien tot".
Some of these people we are never to see again,
But it's lucky we were given the gift . . .
... To remember.

BELOEIL

NOS INVITES D'EDMONTON SONT PARTIS...

Nos 37 invités d'Edmonton sont repartis le 17 février pour leur retour au bercail, après une semaine vraiment formidable au point de vue camaraderie, échange culturel et linguistique. De nombreuses visites et activités toutes aussi intéressantes les unes que les autres ont fait connaître à nos jeunes amis, le charme québécois. Vendredi soir, le 16, une soirée d'adieu, remplie de tristesse mettait un terme aux activités: Nous sommes assurés que nos amis d'Edmonton gardent un bon souvenir de notre souper de cabane à sucre, la visite de Montréal, du stade olympique . . . Egalement nos petites soirées en groupe.

Samedi après-midi à la Polyvalente, c'était le départ . . . Beaucoup de larmes versées . . . après avoir passé une semaine de franche camaraderie et d'amitié nouvelle. Tous se

sont quittés avec, malgré la tristesse de se laisser, une percée de soleil; scit la joie anticipée de se retrouver à Edmonton le 10 mars.

En effet le 10 mars nous les

jumeaux de Beloeil nous nous envolerons vers Edmonton pour un séjour d'une semaine. Nous sommes assurés d'un séjour formidable, et d'une joie réciproque de se retrouver.

Trip to Ukraine

The trip to Ukraine from March 22 to April 8 could be described only as unique. The first thing that becomes evident is the friendliness of the people. It was common for people to inquire what country you came from, if you had any jeans to sell, what our conditions were like, etc.

As far as the buildings are concerned, the new buildings look between five and ten years old compared to some of Edmonton's. The lifestyle is more or less at a fast pace. Most of the shopping is done daily although they claim that food prices for basic needs have changed very little in the past thirty years. The rentals of apartments would appear to be cheap, approximately twenty rubles (\$40) per month, but this represents twenty per cent of their monthly income. Private quarters are more expensive and very difficult to acquire. Education is important, as one in every three persons goes to school. If you do not continue education after grade ten, their highest grade in high school, you must enter the armed forces for two years. No wonder the drop out rate is so low.

In a summary, the trip as a whole was excellent and if you are looking for a unique vacation, travel to Ukraine.

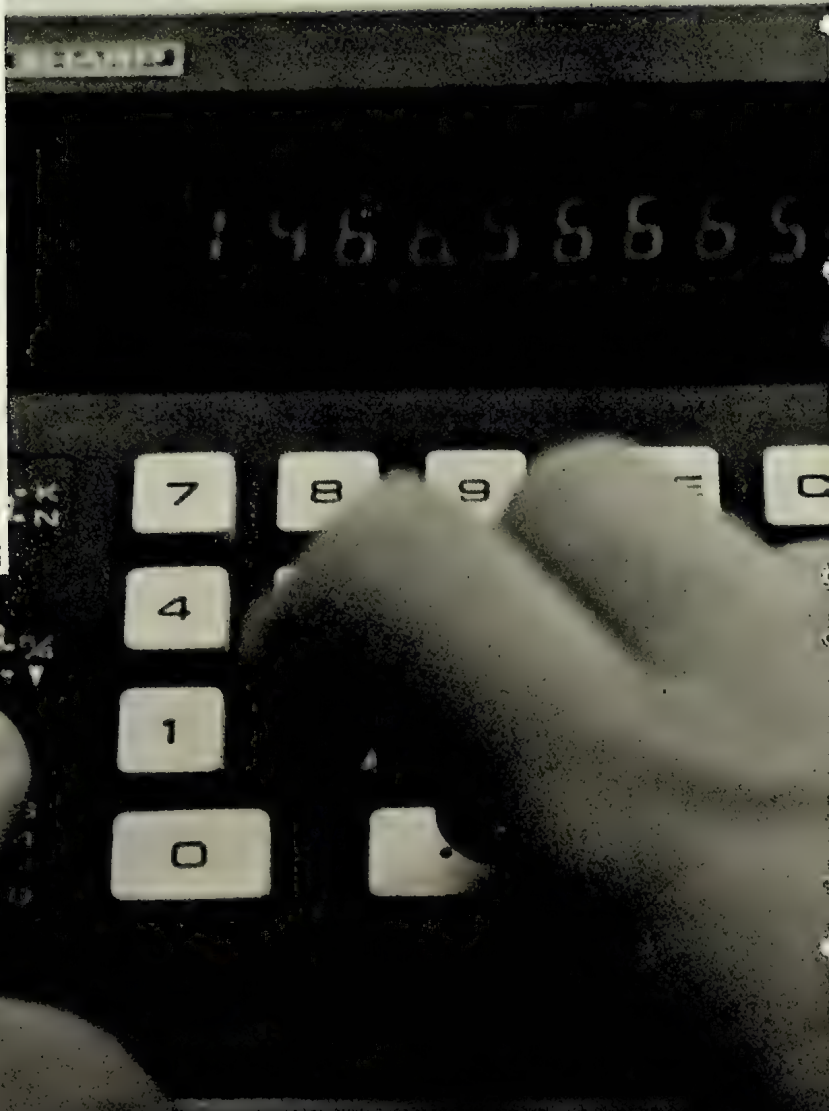

ARTICLE WRITTEN AFTER OUR TRIP EAST

Freedom at Last

Freedom to feel, freedom to express,
all our hopes and dreams of happiness.

Pictures of the future, pictures of the past,
will all come together as memories to last.

Strangers at first, friends to burst,
all together sharing our best and worst.

Now we share our feelings inside,
revealing to others our innermost pride.

Life the door, communication the key,
without this tool we could never be free.

Living a life of reality and strength,
expanding our minds to an endless length.

Weak or strong, we keep on growing
with our hearts forever glowing.

Skills to allowingly accept,
and many challenges to be met.

We meet the future with open minds,
our only boundary being time.

The space is all ours to be used with trust,
finding our individuality is a must.

We're all a big family, wild and mild,
but still inside we're our own "free child."

Expressing to parents and friends the way we feel,
happiness and memories soon to reveal.

Growing and flourishing with worth,
all to help our own self-esteem become fit for the worst.

All of us share a mutual yearning,
to make the most out life through the process of learning.

With new experiences and good times abound,
forever in our hearts we'll be

PRINCIPAL'S MESSAGE

Our aim is to provide a setting for teachers to get to know many of you well — and I hope that this was the case for each of you this year. For those of you who are returning, I hope you feel that the staff is friendly and concerned and appreciates you as an individual. To those of you who are leaving for work or further education — may your talents and contributions be well rewarded.
